

INSURANCE SERVICES OFFICE, INC.

ISOeSubmSM Order Form for Surety and Fidelity Association of America (SFAA)

ISOeSubm provides an electronic option for the reporting of SFAA data submissions to ISO and for the receipt of Submission Analysis Reports (SARs) via an internet-based connection.

Data Submission: You can use ISOeSubm to send SFAA submissions to ISO.

Receipt of SARs: You can use ISOeSubm to receive SARs. This option is available to you even if you do not submit data via ISOeSubm.

PLEASE NOTE: If your company has already registered to report statistical data to ISO through ISOeSubm, ISO still requires that you establish a new account for SFAA data submissions. Your ISOeSubm account for ISO statistical plan or TCLSP data submissions CANNOT be used for SFAA data submissions. Also, please note that you should establish a separate account for SFAA data submissions for each TL group that you plan to use to submit SFAA data or receive SFAA SARs.

Please use this order form to sign up for ISOeSubm, to modify your current account(s), or to order the optional software.

If you are requesting a new ISOeSubm account for SFAA data submissions, please complete this section, selecting the option(s) you are requesting. You will be set up with a mailbox and assigned an ID and password. This will automatically allow you to submit SFAA data submissions via ISOeSubm.

SFAA

TL Group Number

[] send statistical submissions

[] receive SARs electronically

To modify a current ISOeSubm account, please complete this section, indicating the change(s) to your ISOeSubm account that you are requesting. Provide us with the ISOeSubm ID instead of the TL Group Number or NAIC Group Number.

SFAA

ISOeSubm ID

[] send statistical submissions

[] receive SARs electronically

ISOeSubm has two options for connecting to ISO via the internet. The first option only requires an internet browser, and is free. The second option uses Tumbleweed's SecureTransport Windows software, which can be purchased through ISO at a cost of \$400 per copy. (If you already have a licensed copy of SecureTransport, you can use it for ISOeSubm at no cost.)

[] I would like to purchase ___ copy(ies) of Tumbleweed's SecureTransport software (\$400 per copy).

Both new and current subscribers -- please note: You must provide the information below for contact and for the return of SARs on paper or email notification for SARs returned electronically. It is the company's responsibility to notify ISO if contact name and/or address has changed for SAR return.

Form with fields: Name, Title, Company Name, TL Group Number, Current ISOeSubm ID, Current TCLSP ISOeSubm ID, Street Address, City/State/Zip, Telephone #, E-mail Address, Signature, Date
